Growing together in knowledge, faith and love

Our SEN Local Offer

Date Summer 2024

All the teachers in the school are teachers of children with Special Educational Needs. As such St Mary's Catholic Primary School adopts a 'whole school approach' to special educational needs which involves all the staff adhering to a model of good practice. The staff of the school is committed to identifying and providing for the needs of all children in a wholly inclusive environment. Inclusion is regarded as crucial to the policy, in line with that of the Local Education Authority.

Aims and objectives

- · The governing body and Staff will do their best to ensure that the necessary provision is made for any pupil who has special educational needs: where the head teacher, SENDCo or the appropriate governor has been informed by the LEA that a pupil has special educational needs, these needs will be made known to all who are likely to work with them. We ensure the inclusion of all children.
- · The staff and governors of the school are aware of the importance of identifying and providing for those pupils who have special educational needs, and those who are higher attaining. We support the professional development of all employees.
- The Head teacher, SENDCo, staff and governors will draw up and report annually on the policy and effectiveness of the school's work for pupils with special educational needs. We provide a rich, stimulating, and creative learning environment in which all children aspire and are enabled to reach their potential.
- The staff will ensure that pupils with special educational needs join in the activities of the school together with pupils who do not have special educational needs, so far as that is practical and compatible with the pupil receiving the necessary provision, the efficient education of other children in the school and the efficient use of resources. We create a friendly, caring atmosphere where all are valued and listened to, adults and children alike, involving parents as partners in the learning experience of their children.

Name of the Special Educational Needs/Disabilities Coordinator: Mrs Frances Lobban

Contact details:

f.lobban@plymouthcast.com 01736 330005 Mrs Lobban is a full time executive SENDCo working across 2 schools. An appointment can be made via the school secretary

3. The curriculum

Whole school approaches.

week or Harvest generate

The universal offer to all children and YP The Early Years curriculum forms the basis of work in the Nursery and EYFS classes. From Year 1 we teach all subjects of the National Curriculum and Religious Education to all pupils The RE follows a Catholic curriculum, in line with our Academy directive. In the mornings, we focus on reading, writing and mathematics Our curriculum is topic based according to the government's 2014 revised national curriculum. Each class covers 3 – 6 topics per year (this can be found on the school website) Each class has identified opportunities to learn life skills. During the year there are times when national initiatives such as book

Additional, targeted support and provision

Within each class, there is daily targeted support for groups of pupils in core subjects and some foundation subjects.

If required, social and emotional needs are supported so that all children's behaviour and learning behaviours can be encouraged and nurtured.

EYFS and KS1 run a streamed phonics program daily. Where required, pupils in KS2 are supported at their level.

Following termly assessments, intervention is provided to support pupils who need to make accelerated progress.

Pupil Premium money is used to support these children (allocation of funds can be seen on website) Specialist, individualised support and provision

Teachers and teaching assistants work collaboratively to make adaptations to the curriculum for individuals who may need it to enable the school to be fully inclusive. Children with SEND are included in all areas of the curriculum wherever possible. For instance, specific arrangements may be made for a child with autism who finds assemblies difficult, so that he or she can participate alongside peers. Individual arrangements may be required when there are off-site activities or residential visits (camps). For example, special travel arrangements are made for pupils who require wheelchair access. Guidance from relevant professionals is taken into account. For instance, if the needs relate to a physical or medical condition, health

Growing together in knowledge, faith and love

activities throughout the school. There are also religious events such as May procession, Lent that generate a change to our curriculum. We also celebrate Other Faiths, as a whole school two terms a year, and Universal Church in the third term.. Extracurricular activities on site take place after school or during lunch times. These change throughout the year and are aimed at specific year groups.

specialists' advice is followed, and the curriculum is adapted to accommodate this. This can be identified on individual provision maps for all pupils with priority SEND.

6. Health, wellbeing and emotional support

Whole school approaches The universal offer to all children and YP	Additional, targeted support and provision	Specialist, individualised support and provision
		Î
Personal, Social and Health Education (PSHE) and Citizenship is taught across the curriculum and isn't necessarily taught in a separate subject or in isolation. All classes have 'Circle Times' when children listen to each other and make feelings known. All children have access to prayer daily. We have a weekly celebration assembly in addition to prayerful liturgical whole school gatherings. A healthy lifestyle is encouraged within the curriculum. Extra curricular club and class specific life skills encourage children to lead a full and active life.	Healthy eating is encouraged. Parents are encouraged to provide a healthy packed lunch or school meals also offer a range of food that promotes a healthy and varied diet A Senior Mental Health Lead is available to support children as required. We have TIS practitioners to support children with social and emotional difficulties.	There are teaching assistants and teachers in the school who have an expertise in supporting children with emotional and social difficulties, and bereavement. Some of these children may be offered 1:1 or small group opportunities to help them with specific difficulties. The school nurse is available to discuss health issues with a family. If a child has a specific health need, we make special arrangements for this if possible. Working with MHST Referrals may be made to support families at home. We have a close working relationship with Trelya

Growing together in knowledge, faith and love

Answers to Frequently asked Questions

1 How does your school know if children need extra help and what should I do if I think my child may have special educational needs?

Teachers continuously assess pupils' progress, through their performance in class on a daily basis and through more formal means such as tests. Children whose level of attainment is below that which is expected and is a cause for concern are identified. Some children arrive at school with a diagnosis of a specific condition (e.g. Down Syndrome or Asperger's Syndrome). If it is felt that the child's difficulties need to be addressed through an individual education plan, this will be discussed with parents/carers. If parents/carers have concerns, they are encouraged to discuss these with the class teacher, SENDCo and/or headteacher.

Headteacher: Miss N Teixeira secretary@st-marys-rc-pz.cornwall.sch.uk

Growing together in knowledge, faith and love

2. Who is responsible for the progress and success of my child in school? Class teachers, supported by teaching assistants plan for and monitor the progress of pupils.

The headteacher takes an active role in ensuring all pupils do as well as they can in school and the SENDCo has a particular responsibility for monitoring the progress of those designated as having special educational needs. Success at school also depends upon the nurture given by parents and carers.

3. How will the curriculum be matched to my child's needs?

The school follows the National Curriculum 2014 set out by the Department for education https://www.gov.uk/government/collections/national-curriculum. The school follows the God Matters strategy for religious education as directed by CAST. Teachers take account of the range of abilities and individual needs when planning for their class so that appropriate support can be put in place where it is needed – for instance a child with a physical disability may need a supporting adult during a p.e. lesson. In literacy and maths and other lessons where needed, work is differentiated by the teacher to suit

4. How will school staff support my child?

The type of support given will depend on the age of child and his or her particular need and circumstances. All school staff do their best to help children to become confident and independent – academically and socially.

5. How will I know how my child is doing and how will you help me to support my child's learning?

different abilities. Teaching assistants are deployed to give additional support to groups or individuals.

Annual written reports are sent out at the end of the summer term. There are formal meetings in the autumn and spring terms. Parents and carers of children who are on the school's record of need are invited to meetings each term to review progress and set new targets. The school's website includes ways to support children at home. Parents or carers who wish to discuss specific issues relating to their children are welcome to make an appointment to see

the class teacher, headteacher or SENDCo.

6. What support will there be for my child's overall wellbeing?

The school motto is 'Growing together in knowledge, faith and love. This encompasses the whole of the school community. All staff, including lunchtime supervisors, co-operate and collaborate to ensure

that every child thrives. We respond to parents'/carers' concerns. Where a specific need has been identified – e.g for emotional support, a mentoring programme can be put in place.

7. How do I know that my child is safe in school?

Health and Safety is a school priority. Statutory checks are made of the building and equipment. Fire drills are held regularly. Policies on bullying and safeguarding are implemented. Governors make routine investigations.

- 8. What specialist services and expertise are available at or accessed by your school?
- Please refer to the relevant section of the school's offer
- 9. What SEND training have the staff at school had or are having?
- SENDCo has achieved the national award for SEN coordination. Termly SENDCo networks provide updates and sharing of good practice. Staff training is annually updated. During the last two years, whole staff training has included positive behaviour management
- 10. How will my child be included in activities outside the classroom including school trips?

As an inclusive school, we expect every child to take part in all the activities planned for the class. If adaptations need to be made – e.g for an extra adult to be included to support a pupil, the school puts this in place. If participation in an event or activity outside the school is likely to put the child or others at unacceptable risk (for instance because the child is likely to disobey safety rules), parents or carers will be consulted as to the course of action.

- 11. How accessible is the school environment?
- Please refer to section section 8 of the school's offer
- 12. How will school prepare and support my child through the transition from key stage to key stage and beyond?

Please refer to section section 8 of the school's offer

13. How are the school's resources allocated and matched to children's special educational needs?

Decisions are made by the headteacher, in consultation with senior management team and governors.

12. How is the decision made about what type and how much support my child will receive?

Children who have an Education Health and Care Plan will normally have a number of hours teaching assistant support, depending on the level of need. Children who have been identified as having special educational needs receive additional support from the teachers, teaching

assistants or SENDCo. Decisions about deployment of staff are made at classroom level by the teacher. The headteacher, in consultation with senior management team, makes decisions about staffing within the budget available. A collaborative approach is employed about the type and level of support. Each half term, every pupil on the record of need is discussed by staff. Adaptations to the support is flexible and may be increased or decreased. Programmes such as Funfit run for a specific number of weeks for a limited number of children most likely to benefit.

13. Who can I contact for further information?

Acting Headteacher (Nicky Teixeira), SENDCo (Fran Lobban), SEND Governor (Leah Oakley)

14. What should I do if I feel that the Local Offer is not being delivered or is not meeting your child's needs?

Please contact the headteacher or a governor to make your concerns known. Alternatively, contact Parent Partnership on 01736 751 921

15. How is your local offer reviewed?

The school's local offer will next be formally reviewed by staff and governors annually. Parents and carers are welcome to contribute to this review. If matters arise before the date of the formal review, please contact the Headteacher or SENDCo.

Cornwall's Local Offer can be found on The Cornwall Family Information Services (FIS) website: http://cornwall.childrensservicedirectory.org.uk

The Governing Body approved this SEN Local Offer in November 2022
